NOW RECRUITING MOBILE SECURITY PATROLS

Our mobile security patrols are a cost-effective and visible deterrent against crime. Trained and SIA licensed uniformed guards will patrol and inspect your premises at agreed times, checking for damage or intrusion.

We provide a 'walk and check' service, as well as a vehicle patrolling service covering the areas of Essex, London and Home Counties. All our vehicles are fitted with specialist equipment, such as cameras, satellite navigation, GPS tracking systems, and fast time reporting technology. Insurance & Vacant Property Checks A building is one of your biggest assets, but when it is unoccupied it's vulnerable. We'll ensure your vacant premises are kept safe and secure by undertaking regular property checks.

Anti-Social Behaviour Mobile Patrols Private & Commercial With cutbacks to policing, many neighbourhoods have felt vulnerable to the growth in knife crime, gang culture and drug dealing. Our uniformed anti-social behaviour team provides a strong physical presence to deter crime from the streets. Mobile patrol operatives are provided with the latest GPS tracking and camera systems to demonstrate where they've been and can also supply vital evidence to secure a criminal conviction. The anti-social behaviour team are also adept at keeping Housing estates, Public spaces and entertainment/Leisure complexes free of undesirables. We also offer specialist equipment, such as cameras, satellite navigation, GPS tracking systems, and fast time reporting technology, supported by our 24-hour control room to give you the very best service.

Working With You

Our Promise

- Professional
- Secure
- Reliable
- Safe
- On-time
- Thorough
- Presentable
- Competitive
